Hotel Calzaiuoli	room type	# rooms	per room	# people	per person	# nights	row sum
Comments: I stopped by this place in person in 2005. The published rates are out of our price range, but the manager said that will make a good deal for a group. Location is perfect. This is my first choice if affordable. Hotel S. Andrea	room type	# rooms	per room	# people	per person	# nights	row sum

Albergo Capello	room type	# rooms	per room	# people	per person	# nights	row sum
Comments: Third choice: We stayed here in 2004. It is a nice hotel but has only seven rooms, which is OK since we have small group this year. The only problem is that they do not have single rooms, and we need two, one for the bus driver and one for me. Therefore, we'll end up paying for extra space if we book here. Locanda Orseolo	room type	# rooms	per room	# people	per person	# nights	row sum
